*Design & Technology Teaching* is published three times a year — Winter, Spring and Summer.

*The journal focuses on developments in Design and Technology across all phases of education. It provides a forum for sharing and developing expertise in all the contributing areas of design and technology: art and design, business studies, CDT, home economics and information technology. It covers news, information, reviews of materials and resources and case studies of good practice. Design & Technology Teaching is distributed free of charge to members of The Design & Technology Association.*
