

Due to a late resetting of the cover a few copies of the last issue of *Studies in Design Education and Craft* appeared as Vol.4 No.2 instead of Vol.4 No.1. The date was, however, printed correctly.

formerly Staff Inspector, ILEA
- F. Zanker, NDD, DLC,
Principal Lecturer in Design, Eaton Hall College
of Education
- Business Manager: J. Wrigley

The journal is designed to focus attention on developments in the whole field of design and craft education ranging from art through the crafts to applied science and technology. It pays particular attention to case studies of new approaches in schools and colleges written by the teachers and tutors undertaking them. A selection of the growing number of important researches and studies in design education is an important feature of the journal as is the review of all important new literature.

Contributions are welcome but prospective contributors are invited to send a synopsis of their contributions for discussion before completion of the final manuscript. All correspondence concerning contributions and books for review should be sent to the Editor at the University of Keele, Staffordshire, ST5 5BG.

Studies in Design Education and Craft is published twice-yearly – Winter and Spring. The annual subscription is £1.50 (single copies £0.75 each) but until further notice subscriptions paid by banker's order will be accepted at £1.25 in view of the saving in costs that this method affords. Subscription forms will be found at the back of this issue. All correspondence relating to subscriptions should be addressed to the Business Manager at Nafferton, Driffield, Yorkshire, Telephone: 037-74 231 (Nafferton 231).
